

PROCLAMATION

National Disability Employment Awareness Month is a program developed to increase awareness of the positive outcomes of hiring persons with disabilities. In collaboration with the Calgary Employment First Network, a series of local events will be organized to highlight and celebrate the varying contributions of workers with disabilities in our community.

Whereas: A strong workforce is one inclusive of the skills and talents of all individuals;

Whereas: Only 16% of our working population in Canada is living with a disability;

Whereas: Information will be accessible to all Calgarians providing recruitment options for potential employers and employees.

On behalf of City Council and the citizens of Calgary, I hereby proclaim the month of October 2015 as:

“NATIONAL DISABILITY EMPLOYMENT AWARENESS MONTH”

NAHEED K. NENSHI
MAYOR
